Brand New Youth Archery League Beginning In May At Farragut Shooting Range

— Idaho Dept. of Fish & Game —

Kids ages 10 to 16 are encouraged to participate in a new archery league at the Farragut Shooting Range Center

Idaho Fish and Game is pleased to offer a unique opportunity for youth ages 10-16: Introduction to Youth Archery!

This 4-week series will introduce youth to the proper steps for shooting recurve and universal compound bows. Participants will receive instruction on archery equipment, range safety, target archery and have fun learning proper shooting techniques. No prior experience with archery is required.

The series will be taught by USA Archery Coach, John Skikas, who is also a certified Fish and Game Hunter and Bowhunter Education Instructor and NRA Certified Range Safety Officer.

Youth bows, arrows and targets will be provided by Fish and Game. The series includes four sessions to be held on Tuesday afternoons, from 4:30-5:30pm, May 16th, 23rd, 30th and June 6th, at the Farragut Shooting Range Center in Athol.

The cost to participate is \$40, payable online with registration. Registration is required and can be completed here. There are only ten spots available, so don't wait!

This class is one of the new "Hunting and Shooting Sport Skills" classes being offered across the state. Classes vary widely, but can include Dutch Oven Camp Cooking, Handguns 101, Tracking, Trailing and Scent, and more. Check here for current and future class offerings.

If you're looking for in-person hunter, trapper or wolf trapper education classes, check out our Hunter Education Programs page. And remember, there is also an online, self-paced hunter education option.

For more information or if you have questions, please contact the Panhandle Regional office. You can also follow the Panhandle Region Facebook page to get regular news and updates.

From Meatloaf to Burgers to Meatballs: One Recipe, Endless Possibilities

There are few foods more comforting than good old-fashioned meatloaf. I'm always surprised how much my family loves this humble dish, especially the kiddies. Who knew happiness could come in such an unassuming little package?

There are several delicious reasons to make this recipe. It's moist and tender, packed with flavor and sneaks in a serving of veggies. (Shhh, don't tell the kiddies!) It really stretches a buck, and this same recipe makes burgers and meatballs, too. Leftovers make the most amazing grilled meatloaf sandwiches, ever. Oh! Stretchy Beef and Veggie Meatloaf, where have you been all my life?

Here are some tips for meatloaf lovers. Substitute Parmesan cheese for breadcrumbs for gluten free meatloaf. Don't overmix, because that makes meatloaf dense, dry and tough. Since shapes of meatloaf vary widely, cooking times will vary as well, but a rule of thumb is 35 minutes per pound of meatloaf. Mini meatloaves made in a muffin tin take 20 to 30 minutes total.

This recipe makes six generous portions, but I always make a double batch. There's never a crumb gone to waste. Serve with mashed potatoes, peas and carrots to make your own Blue Plate Special.

STRETCHY BEEF AND VEGGIE MEATLOAF

- 1 tablespoon butter or oil
- 2 carrots, shredded
- 2 stalks celery, finely minced
- 1 medium sweet onion, minced
- 2 cloves garlic, minced or pressed
- 3/4 cup breadcrumbs
- 2 pounds 85% lean ground beef
- 2 eggs
- 1 tablespoon Worcestershire sauce
- 1 teaspoon salt and several grinds of pepper

For the glaze:

- 1/2 cup ketchup
- 1/2 cup brown sugar
- 1/4 cup mustard

www.JasonCoblentz.com

This delicious meatloaf recipe also makes burgers and meatballs.

Preheat oven to 350 F. Lightly grease a 5-x-9-inch loaf pan or 9-x-13-inch baking pan.

In a skillet on medium-high heat, saute the onion, carrot and celery in butter or oil until the onion is soft. Season liberally with salt and pepper. Add the garlic and stir it all around until it's softened and smells divine.

Place the veggies in a large mixing bowl and let them cool for a minute. To the veggies, add breadcrumbs, beef, eggs, Worcestershire, salt and pepper. Use your (very clean) hands to gently mush it all together.

Place the mixture into the loaf pan

or shape into a loaf in the baking pan. In a small bowl, combine glaze ingredients. Brush meatloaf with half the glaze.

Bake for 55 minutes. Remove meatloaf from the oven and spread with remaining glaze (because it's all about the glaze). Return to the oven for 15 more minutes. Test for doneness; your meat thermometer should read 160 F. Let meatloaf rest for 10 minutes before slicing.

For Burgers: Shape the meatloaf mixture into burger patties and barbecue, pan-fry or broil. Top with a slice of cheese and let that melt. Then pop it on a bun with the usual accompaniments. You've got yourself a scrumptious little burger.

For Meatballs: Roll heaping tablespoons of the meatloaf mix into meatballs. Place on a baking sheet and bake at 350 F for 30 minutes or until a meat thermometer reads 155 F. Serve with pasta or make meatball subs. These also make a great snack or appetizer.

Want to know why I always make a double batch? Because I need leftovers to make irresistible grilled cheesy meatloaf sandwiches. Put a schmear of ketchup on the bottom slice of bread, top with meatloaf and cheese slices and the second slice of bread. Spread butter on the outside of both pieces of bread. Heat a skillet and cook the sandwich on both sides until golden brown and delicious. Bon appetit!

Pets of the Week: Oswald and Sunshine

— Companions Animal Center —

Meet Oswald! He is the kitty you've been searching for—the perfect combination of affectionate and independent. Oswald is 7-years-old and does well around other respectful cats. It's still being determined how he would do around dogs. If you are looking for a laid-back, warm-hearted, easy-going soul, you should come and meet him. He is neutered, vaccinated, and microchipped.

A little bit of "Sunshine" each day might be just what you need to feel happier and healthier. Sunshine is a sweet 7-year-old Shepherd mix gal who adores being around people. Other dogs her size are okay, but smaller pups, not so much. Whether you want to go for a walk or snuggle on the couch, Sunshine is ready! Sunshine is spayed, vaccinated, and microchipped.

Adoptions by appointment. Starting Saturday, March 25th, CompanionsAnimalCenter is located at 10275 N Atlas Rd, Hayden, ID. We are open to the public Tues-Sat noon-6pm, Sun noon-4pm, and closed Mondays. Visit www.companionsanimalcenter.org or call 208-772-4019 for more information.

SECOND CHANCE PETS, Inc. All dogs spayed or neutered. Bowie, 7 month male Australian Cattle Dog mix, Australian Shepherd, blue tri, docked tail. Statewide Trout Stocking Highlights For April 2023

— Idaho Dept. of Fish & Game —

Approximately 250,000 catchable-sized rainbow trout will be stocked throughout the state this April

Many of Idaho's lakes and ponds are soon going to be bolstered with Idaho Fish and Game stocking roughly 250,000 catchable-sized rainbow trout this April. Wondering if the stocking trucks are going to be backing up to your favorite fishing hole? We asked our Fish and Game hatchery staff to boil down some of the most notable stocking highlights coming to your local fishery this month.

Many of these fisheries highlighted below are easy to access, family-friendly fishing destinations. All you need to get started is a fishing license and some basic tackle. Annual adult fishing licenses cost around \$30, junior licenses (ages 14-17) cost \$16, and youth (under 14) fish for free. Go to Fish and Game's online vendor to buy a license.

Fishing for stocked rainbow trout can be a great way to introduce budding anglers to the sport by using simple, inexpensive setups like worm/marsh-mallow combinations or commercial baits like PowerBait® or Crave, placed either near the bottom or below a bobber; and as anglers know, there's nothing quite like a trout fighting on the end of your line. The Learn to Fish webpage offers diagrams for basic bait rigs.

Most Idaho waters are open to fishing year-round, but some may have slightly different rules. Be sure to pick up a 2022-2024 Idaho Fishing Seasons and Rules Booklet – available at any Idaho Fish and Game office or most sporting goods stores statewide – or download online to look at season dates, special regulations and bag limits.

April 2023 Fish Stocking Highlights

Panhandle Region

Cocolalla Lake – 6,600 rainbow trout

Near Westmond, this 800-acre lake offers a variety of fishing opportunity. Anglers regularly have luck trolling spoons, spinners and flies throughout the lake. Fly fishing can also be a productive technique and anglers often target areas around the inlets and outlet of the lake.

Fernan Lake – 10,000 rainbow trout

A popular fishing spot 10 minutes from downtown Coeur d'Alene, anglers of all abilities can enjoy fishing from floating docks, miles of shoreline or boats.

Gene Day Pond – 1,000 rainbow trout

Also known as Osburn Pond, this will be the first

stocking event of the year, so catch rates should be good!

Jewel Lake – 2,700 rainbow trout

A peaceful lake where anglers can catch rainbow trout, channel catfish and lots of bluegill that will thrill young anglers. There is a single fishing dock to help with access in this forested and picturesque rural setting.

Kelso Lake – 2,500 rainbow trout

With easy access to this quiet forested lake, you will find good fishing opportunities from a large dock and it's a great place for a small boat, kayak or canoe. It's located along Idaho Birding Trail 14 so bring your binoculars!

Post Falls Park Pond – 2,000 rainbow trout

This park offers a great fishing spot for kids and anglers with special needs. Anglers can easily fish the small pond from a fishing bridge, shore or fishing platforms. Take some time to also enjoy the adjacent park, nature trails, falls and picnic areas.

Spicer Pond – 1,000 rainbow trout.

This is a small, easily accessed pond next to the St. Maries River near the town of St. Maries.

Clearwater Region

Kiwanis Park Pond – 1,500 rainbow trout

This convenient community pond is located next to the Snake River in Lewiston and is within walking distance to picnic shelters and a playground. The pond is stocked with rainbow trout to maintain high catch rates for anglers.

Lake Waha – 3,000 rainbow trout

There is a Fish and Game access site with a dock and boat ramp that provides boaters with the opportunity to fish the lake. Because water levels can fluctuate greatly on Lake Waha, there are times in the spring when the dock is not accessible from shore.

Mann Lake – 4,500 rainbow trout

This lake provides a multi-species fishery. In addition to rainbow trout, anglers can catch bass, catfish and a variety of panfish. Only electric motors are allowed on this waterbody.

Spring Valley Reservoir – 5,400 rainbow trout

Surrounded by rolling hills and trees, there is a trail that surrounds the reservoir. In addition, fishing docks and platforms increase shoreline access. There is a developed boat ramp, but gas motors are not allowed. Bring your binoculars because this is Stop 35 on the Idaho Birding Trail.

Tolo Lake – 700 rainbow trout

This lake provides fishing in the wide open Camas Prairie. It's easy to get to and also supports a variety of other fish species (bluegill, bass, catfish). Drive a few miles north of Whitebird Pass on Highway 95, turn left onto Lake Road. Drive two more miles and you're there.

Winchester Lake – 6,000 rainbow trout

Located in a beautiful forested setting, this lake offers very easy access. Docks and fishing platforms enhance fishing opportunities for beginners and accomplished anglers. Facilities include a picnic shelter, fish cleaning station, benches and picnic tables and a variety of camping options.

Horses & Tack

The Garden Bug

Safer Bird Houses

- Birds may reject a birdhouse placed near food or water, as these attract raccoons and rats that will eat birds and their eggs.
- Claw marks on the house's surface or nesting material pulled from the entrance will show you these predators are around and can easily reach the birdhouse.
- Try mounting the house away from food and on a metal pole, rather than on a tree trunk or hanging it on a branch. Smear the pole with a petroleum jelly/hot pepper mixture and spread sharp gravel around the base to discourage intruders.

- Brenda Weaver

Attract Backyard Birds with the Right Seeds

— Family Features —

While almost all bird seed may look pretty much the same to you, it doesn't to the birds you're feeding. Knowing what kinds of seeds different birds like can help you attract a variety of fine feathered friends to your feeders.

Consider these popular seed types and the common backyard birds they attract:

- **Sunflower** - Black sunflower seeds attract blue jays, goldfinches, woodpeckers, purple finches, chickadees, titmice and nuthatches. Striped sunflower seeds appeal to chickadees, doves, grosbeaks, northern cardinals, nuthatches, titmice and woodpeckers. Sunflower hearts (also known as "hulled sunflower" and "sunflower chips") attract chickadees, common redpolls, juncos, doves, finches, goldfinches, grosbeaks, nuthatches, pine siskins, titmice and woodpeckers.
- **Nyjer** - These lightweight, tiny seeds are a favorite of goldfinches. Put nyjer seeds in a hanging feeder with tiny holes so the small seeds won't get blown away. Nyjer also attracts redpolls, juncos, doves, indigo bunting and pine siskin.
- **Safflower** - These white seeds are slightly smaller than black sunflower seeds. Because they are bitter, grackles, blue jays, starlings - and squirrels - don't like them. However, they do attract doves, purple finches, chickadees, titmice and downy woodpeckers.
- **White millet** - Good for scattering on the ground, white millet attracts ground feeders such as juncos, sparrows, indigo buntings, towhees and mourning doves.
- **Cracked corn** - Popular with ground feeders, cracked corn appeals to doves, crows, jays, sparrows, juncos and towhees. Avoid getting finely cracked corn as it's vulnerable to rot and can quickly turn to mush.

When choosing a bird seed mix, pay attention to the ingredients list on the package. Bird seed is required by law to list ingredients in order of content. Some cheaper mixes have filler seeds such as wheat, red milo, red millet or "assorted grain products." Most backyard birds won't eat those, and your seed mix could end up wasted on the ground.

Learn more about making your backyard an oasis for birds of all kinds at eLivingtoday.com.

NICKEL'S WORTH reserves the right to amend any ad to adhere to the Idaho Fair Housing Laws. Ads may not discriminate in any way due to race, color, religion, sex, handicap (including service animals), national origin, marital or familial status (having children, single), etc.

LOOKING FOR A HOME for our family. Either to rent or possibly owner finance if possible. We, my beautiful wife, myself, our 4 amazing boys and dog, moved to Athol in the summer of 2022 in our fifth wheel. We homeschool our kids so the fifth wheel has been a small space but we've made it work until now. We are so excited as we have baby #5 on the way. One more awesome kid to add to the bunch. If you have a 3+ bedroom home on acreage so the boys can be boys in the Athol, Spirit Lake, or Bayview areas that could use some good tenants, give us a call. We are in need. Thank you! 253-508-6861, Athol

7 Garden Growing Basics For Beginners

— Family Features —

Growing your own produce is an all-around smart practice, from the money you'll save at the grocery store to the contributions you can make toward a cleaner planet.

Maintaining a garden takes some effort, but it's a project even a beginner can tackle with ease. Consider these tips to start growing your at-home garden:

1. Select a perfect spot. You'll want to place your garden in an area where you see it often so you're reminded to weed and care for it regularly. Find a flat area you can access easily, where erosion and other pitfalls (including hungry wildlife) won't be a problem.
2. Choose between ground and containers. There are pros and cons to gardening in containers vs. the ground, and there's no universal right choice. Rather, the best garden depends on your goals and preferences. A ground garden usually offers more space and may provide a better growth environment for roots. However, a container garden is often easier to maintain and may be all you need if you wish to grow just a few plants.
3. Understand the importance of quality soil. You may think any dirt will do, but keep in mind the soil you plant in will be the primary source of nutrients for your produce. Not only that, but quality soil provides stability so plants can root firmly and grow healthy and sturdy to support their bounty. Quality soil also allows for ample drainage. Organic matter like compost, leaf mold or aged manure all help improve soil quality.
4. Keep water close. Lugging water can quickly eliminate the pleasure of tending your garden, so be sure you're situated near a hose. You'll know it's time to water when the soil is dry about an inch below the surface.
5. Plan for plenty of sun. A bright, sunny spot is a must, since most vegetables, herbs and fruits depend on six or more hours of sun every day. Remember the sun's path changes throughout the year, and as trees and foliage grow, they may produce more shade with each growing season.
6. Consider what you'll grow. Starting with veggies you know you like is a smart starting point since you'll be pouring sweat equity into making them grow. Over time, you might add new varieties, but early on, keep your focus on foods you know you like so you can see a meaningful return and avoid waste. You'll also need to consider what you can grow to maturity within your area's growing season. If necessary, you might want to start transplants you can nurture indoors before moving them outside when the temperatures allow.
7. Plant according to a calendar. Knowing how long it takes different foods to mature will help you create a planting calendar. You don't want to harvest everything at once, and if you stagger planting and replant what you can, you'll have a garden that produces food for your family for a longer period of time.

NOXIOUS WEED CONTROL PROGRAMS FOR NORTH IDAHO PANHANDLE

Noxious Weed Control Departments in Benewah, Kootenai and Shoshone Counties offer a variety of services, including weed identification, site visits, publications, herbicide advice, and other land management information, all free of charge. Each county offers slightly different programs, loan-out equipment, and information. Listed below are the highlights from each program, as well as contact information.

FREE EDUCATIONAL WORKSHOPS are offered to the public throughout the year, call your local weed office (below) for more information.

BENEWAH COUNTY PROGRAMS: Educational publications are available at the Benewah County Cooperative Extension office 208-245-2422. For more information, contact the Benewah County Auditor's Office at 208-245-3212.

KOOTENAI COUNTY PROGRAMS: The Noxious Weed Control department Equipment Loan Out Program has backpack sprayers, ATV sprayers, fertilizer spreaders, rotary seed spreaders, Weed Wrenches, Knotweed Injectors, and small harrows **at no charge**. In addition to the state listed noxious weeds, Kootenai County Noxious Weeds considers Common Bugloss and Kochia to be noxious. Please contact the Noxious Weed Control Department, 10905 N Ramsey Road, Hayden, Idaho 83835, by phone 208-446-1290, at our website www.kcweeds.com or email kcnoxiouseweeds@kcgov.us with any questions.

SHOSHONE COUNTY PROGRAMS: Equipment Loan Program: various equipment is available for loan at no charge. Two additional weed species designated noxious by Shoshone County Ordinance No. 2001-08 are common Tansy and Sulfur Cinquefoil. Shoshone County would like information on sightings of Poison Hemlock, Tansy Ragwort, Rush Skeletonweed and Leafy Spurge. Everyone is welcome to join the Shoshone County Weed Advisory Committee. For further information, contact Shelby Heiderman, Weed Superintendent, 700 Bank Street, Ste 35., Wallace, ID 83873, Phone: 208-753-5475, website: www.shoshonecounty.org or email: sheiderman@co.shoshone.id.us.

IDAHO WEED LAW: The Idaho Weed Law (Idaho Code Title 22, Chapter 24) Places the responsibility for controlling noxious weeds on the person who owns or manages the land. Any person with noxious weeds on their property is obligated to control those weeds.	STATEWIDE CONTAINMENT NOXIOUS WEED LIST
STATEWIDE PROHIBITED GENERAL NOXIOUS WEED LIST All plants and plant parts in the genera of Cytisus, Genista, Spartium, and Chamaecytisus additionally including "all" subtaxa of these plant genera are prohibited in Idaho.	Weeds listed in the <i>containment</i> list are known to exist in varying populations throughout the state. Weed control efforts may be directed at reducing or eliminating new or expanding weed populations while known and established weed populations may be managed by any approved weed control methodology, as determined by the weed control authority: <ul style="list-style-type: none">• Canada Thistle• Curlyleaf Pondweed• Dalmatian Toadflax• Diffuse Knapweed• Field Bindweed• Flowering Rush• Hoary Alyssum• Houndstongue• Jointed Goatgrass• Leafy Spurge• Milium• Oxeye Daisy• Perennial Pepperweed• Plumeless Thistle• Poison Hemlock• Puncturevine• Purple Loosetrife• Rush Skeletonweed• Saltcedar• Scotch Thistle• Spotted Knapweed• Tansy Ragwort• White Bryony• Whitetop (Hoary Cress)• Yellow Flag Iris• Yellow Starthistle• Yellow Toadflax
STATEWIDE EDRR (EARLY DETECTION RAPID RESPONSE) NOXIOUS WEED LIST Weeds listed in this section and identified within Idaho shall be eradicated during the same growing season as identified: If you find these weeds in Idaho, we need to act quickly to prevent them from taking hold. <ul style="list-style-type: none">• Brazilian Elodea• Cogon Grass• Common/European Frogbit• Fanwort• Feathered Mosquito Fern• Giant Hogweed• Giant Salvinia• Goatsrue• Hydrilla• Policeman's Helmet• Squarrose Knapweed• Syrian Beancaper• Tall Hawkweed• Turkish Thistle• Variable-Leaf-Milfoil• Water Chestnut• Water Hyacinth• Yellow Devil Hawkweed• Yellow Floating Heart• Iberian Starthistle• Purple Starthistle	STATEWIDE CONTROL NOXIOUS WEED LIST Weeds listed in the <i>control</i> list are known to exist in varying populations throughout the state. The concentration of these weeds is at a level where control and/or eradication may be possible: <ul style="list-style-type: none">• Black Henbane• Bohemian Knotweed• Bufflobur• Common Crupina• Common Reed (Phragmites)• Dyer's Woad• Eurasian Watermilfoil• Giant Knotweed• Japanese Knotweed• Johnsongrass• Matgrass• Meadow Knapweed• Mediterranean Sage• Musk Thistle• Orange Hawkweed• Parrotfeather Milfoil• Perennial Sowthistle• Russian Knapweed• Scotch Broom• Small Bugloss• Vipers Bugloss (Blueweed)• Yellow Hawkweed

Please do your part to control noxious weeds. Protect the environment, protect the health of humans, livestock, and wildlife. **SPREAD THE WORD, NOT THE WEED!**

CRAFTSMAN REAR TIME tiller, \$700. Huge Troy-Bilt horse rear time tiller, \$1850. Small Ariens front time tiller, \$350. Nice mini tiller, \$250. All run well. Tune up and repair on chainsaws, lawnmowers, and tillers. Accepting credit cards. 208-762-5651

ATTENTION VETERANS and active duty service members: Present your military ID or proof of membership in veterans' group at the Nickel's Worth office and get buy one get one free classified ads from that point on (ID only needed initially). Ads must run in the same week; free ad of equal or lesser value; display ads and picture classified ads do not qualify for free ads. Thank you for your service to our country!

Keeping Pets Safe In The Garden

— Family Features —

If you have pets that enjoy spending time outdoors, it's important to make sure your yard is a safe place for them to be.

Consider these hazards that can negatively impact the well-being of your furry friends.

Poisonous Plants - Some common plants can be dangerous for animals, causing anything from mild oral irritations and upset stomachs to cardiovascular damage and even death. For example, these are some of the toxic plants the American Society for the Prevention of Cruelty to Animals (ASPCA) has identified as harmful for either cats or dogs:

- Aloe - can cause vomiting, diarrhea, tremors, anorexia and depression
- Azalea - can cause vomiting, diarrhea, hypersalivation, weakness, coma, cardiovascular collapse and death
- Burning bush - can cause vomiting, diarrhea, abdominal pain and weakness, as well as heart rhythm abnormalities with large doses

- Caladium - can cause burning and irritation of the mouth, tongue and lips, excessive drooling, vomiting and difficulty swallowing
- Daylilies - can cause kidney failure in cats
- Hibiscus - can cause vomiting, diarrhea, nausea and anorexia

Mulch and Compost - The decomposing elements that make compost good can be bad for pets, according to the National Garden Society. Keep compost in a secure container or fenced off area so pets can't get to it. Cocoa mulch can be a particular problem for dogs. A byproduct of chocolate production, cocoa mulch can cause digestive problems and even seizures in dogs. Shredded pine or cedar mulch is a safer choice.

Fertilizer and Insecticides - The chemicals used to get rid of pests or make your lawn lush can be toxic to pets. Some of the most dangerous pesticides include snail bait with metaldehyde, fly bait with methomyl, systemic insecticides with disyston or disulfoton, mole or gopher bait with zinc phosphide and most forms of rat poison, according to the ASPCA. Follow all instructions carefully, and store pesticides and fertilizers in a secure area out of the reach of animals.

Fleas and Ticks - In addition to using appropriate flea and tick prevention methods such as collars and sprays, make sure your yard isn't a welcoming environment for these pests. Keep the lawn trimmed and remove brush and detritus, where fleas and ticks often lurk. Fleas can cause hair loss, scabs, excessive scratching, tapeworms and anemia. Ticks can do all of that, plus bring you and your family in contact with diseases like Rocky Mountain spotted fever and Lyme disease.

Find more tips for keeping pets safe in your yard at eLivingtoday.com.

THE 7 REASONS WE ARE

- # We're the largest landscape yard in North Idaho
- # We sell more topsoil than all other landscape yards combined
- # We have the largest selection of:
 - River Rock 15 varieties • Bark 6 types
 - Sand 2 types • Garden Mix 3 types
 - Crushed Rock 20 varieties
 - Compost 2 types • Red Lava Rock
- # Our buckets are specially designed to load shorter pickups
- # We use full size, 12 yard dump trucks to lower your delivery costs (compared to our competitors' smaller trucks)
- # When you pull into our lot, we greet you at your vehicle, and will load and get you on your way quicker than anyone
- # Service has always meant more to us than any awards

Kootenai County Farmers' Market Wednesdays Relocating to the Village at Riverstone in CdA

— Kootenai County Farmers' Market —

The Kootenai County Farmers' Market [KCFM] Wednesday evening market will be held on Main Street in Riverstone beginning with the 2023 Market Season. The address is 2151 N. Main Street, Coeur d'Alene, Idaho. This original Kootenai County Farmers' Market was established in 1986 as a producer-only market to foster direct interactions between local growers, artisans and consumers. They sold downtown at 5th and Sherman for 17 years.

The farmers and artisans of your 38 year old Farmers' Market would like to thank all of our beloved customers, residents and visitors alike, who have supported us with their steadfast and valued patronage and voted our Saturday market the Best Outdoor Market in North Idaho for 2022 and the Wednesday market Best Market in North Idaho for 2021.

We look forward to serving you again on Wednesday afternoons from 4pm-7pm at our new location! Join us each week beginning May 17th to shop with all the wonderful vendors you recognize and know (plus several new vendors!), familiar food booths, and live music at Riverstone!

The market will continue to serve the community at Highway 95 and Prairie on Saturdays between 9am-1:30pm. Please visit our website, www.kootenaifarmermarkets.org or follow us on Facebook.

5 Steps to Prep Your Yard for Spring

— Family Features —

When spring arrives, days of enjoying your outdoor living space aren't far away. Getting your yard ready for months of outdoor enjoyment will take a little work, but you'll quickly see and appreciate the results.

These five steps can have you on your way to a lush, healthy lawn and outdoor area in no time.

1. Dethatch

Throughout the winter, dead grass and other debris accumulate on your lawn. This waste, known as thatch, can be quite a hindrance to your spring lawn. It promotes fungi, encourages pests and keeps new grass seed from sprouting. You can use a special dethatching rake or any rake with sturdy tines.

2. Aerate

Before spreading grass seed, you'll want to give the new roots room to spread and grow. Aerating the

lawn helps make your soil more welcoming to new growth by allowing moisture, nutrients and air to sink deeper into the soil. Depending on the size of area you need to aerate, two of the easiest options are doing the job by hand or using an attachment on a riding lawn mower.

3. Prune

The lawn isn't the only place debris can pile up. Your flower beds and any other vegetation can become a holding ground for twigs, branches, leaves and other yard waste. Give your plants, shrubs and trees a close look to find broken, damaged or dead material and remove it to make way for new growth.

4. Weed

Even the healthiest lawns are susceptible to weeds, but getting a jump start on weeding early in the season can help you keep control. You can manage weeds by treating with an herbicide before the sprout or, if you prefer, there are chemical-free alternatives like vinegar, salt or cornmeal. Be aware that many alternative products don't distinguish between the vegetation you want (like grass) and weeds, so these remedies are best used along borders and within beds to discourage weed growth.

5. Seed

Winter weather and wear can cause uneven patches in the lawn. Seeding in the spring requires more work than the fall (especially if you tend to have hot, dry summers), but with enough nurturing and regular water, you can fill those spots in for a more uniform lawn.

Visit eLivingtoday.com for more advice to make your outdoor living space spectacular.

Trey Kennedy Brings His "Grow Up" Comedy Tour To The Fox Theater

— Spokane Symphony —

SPOKANE—Trey Kennedy brings his all-new comedy tour, Grow Up, to The Fox Theater, Spokane, Friday, May 19th at 7pm.

Trey Kennedy burst on the comedy scene with success on Vine, Instagram, TikTok, and his podcast "Correct Opinions." After growing a fanbase of more than 12 million social followers, Trey embarked on a hugely successful stand-up tour in support of his self-produced comedy special "Are You For Real?" which is currently streaming on YouTube.

Trey Kennedy is a born and raised Oklahoman who never expected to enter the entertainment industry. While attending college at Oklahoma State University, Trey found fame on the mobile app Vine, amassing more than 2.5 million followers. He was a top creator on the app for more than three years and, through this experience, discovered a passion for entertainment. He hopes to continue creating fun and relatable content in order to deliver some joy where it's needed and help people find some common ground through comedy.

Information at 509-624-1200 or go to <https://foxtheaterspokane.org/event/trey-kennedy-grow-up/>

7 Frugal Gardening Tips and Tricks

— Family Features —

Gardening can be a simple way to beautify your yard, relieve stress and save money on your grocery bill, but like any hobby, you can get carried away buying necessary equipment.

Fun, frugal and environmentally friendly, these tricks can help you create a cost-effective garden:

1. Use a yardstick and permanent marker to mark inches and feet on the handle of your rake, shovel or hoe. The next time you plant, simply lay the marked handle along the row to create perfectly spaced holes for seeds.
2. Line the bottom of a clay pot with a coffee filter to keep soil from leaking out the bottom.
3. Use empty plastic water bottles or clear milk jugs to fill the bottom of large pots. They reduce the weight of the pot and require less soil to fill.
4. To test your seeds to see if they're still viable for this planting season, place a wet paper towel inside a zip-top bag, drop in 3-4 seeds and wait a week to see if anything grows.
5. One way to help prevent weeds is lining your garden with a layer of newspaper. Just top two or three sheets of newsprint with a layer of pine needles, grass clippings or dried leaves for an eco-friendly and inexpensive weed barrier.
6. Keep gardening twine handy. Nail a funnel to your potting bench with the spout pointing downward, feed the twine through and your string will never go missing. For a more portable solution, place a ball of twine inside a canning jar, make a hole in the lid and feed the end of the twine through the hole. Now, you can take twine anywhere, tangle-free.
7. There is no need to buy expensive potting systems for starting seedlings. Place several cardboard toilet paper rolls inside a clean plastic clamshell, like those used for premade salads. Fill each cardboard tube with potting soil and plant. Once your seedlings grow too tall for the clamshell, simply tear off the top lid.

CAREGIVER WANTED FOR our special needs son. He is mobile but needs help with a variety of things. Flexible hours. For info call 208-664-8090, CdA area

Finding the Right Food Bowl for an Older Cat Takes Trial and Error

DEAR PAW'S CORNER: I hope this advice helps other cat owners. My cat, Ferris, is 13 years old, and while he's generally healthy, he does have arthritis and is not as energetic as he once was. I noticed a few months ago that he was not finishing his dry food in the evenings, so I took him to the vet to get him checked out. Everything was fine, but the vet said that he might have some discomfort crouching down to reach his food and water.

I went online to find a raised platform that would hold food and water dishes. The trouble was that many of the platforms were too high for Ferris to reach comfortably, and he didn't seem very happy with the platform design. Instead, I found a dish that he loves. It sits about three inches above the floor and is angled higher in the back so that he doesn't push the food out of the bowl while eating. It's weighted so that it doesn't shift while he eats. This is a lot more comfortable for Ferris, and he's eating all of his food again. – Terry L., Bloomington, Indiana

DEAR TERRY: Thank you for sharing your story! I'm glad that Ferris found the perfect food dish.

Sometimes we have to try a few different items before discovering the perfect one for our pets. Whether it's a food dish, a toy or a bed, we have to be prepared to spend a little more money than expected to get just the right item. Trial and error is part of the process, and part of the joy of owning a pet.

Send your tips, comments or questions to ask@pawscorner.com.

Fort Owen State Park Reopens For The Season March 1

— Montana Fish, Wildlife & Parks —

STEVENSVILLE –Fort Owen State Park near Stevensville opens for the season on March 1, 2023. The park is open 9 a.m. until 6 p.m. daily.

Fort Owen offers a unique piece of history as the original site of Montana's first Catholic Church. In 1850 John Owen transformed the mission into a trading post for all peoples.

Fort Owen is listed on the National Register of Historic Places and allows visitors to explore historic buildings including the original East Barracks. For more information on Fort Owen State Park, visit fwp.mt.gov/stateparks/fort-owen.

DONNA ERICKSON'S BEST BITES

Make Spinach-Ricotta Pie for Easter Brunch

Easter eggs are dyed in colorful hues, the table is set, and now it's time to prepare the main dish for your family's Easter brunch. This vegetarian "Spinach Ricotta Pie" will introduce your novice school-aged chef to new cooking techniques, from draining spinach to grating cheese and pressing out a simple piecrust. If a younger child is eager to join the kitchen crew, let them rinse berries, pull grapes from their stems and chop bananas for a side fruit salad.

The tasty, springy, green-looking dish is mild enough for all tastes. If you wish to kick up the flavor and heat it up a notch, add the optional feta cheese and a dash of cayenne.

SPINACH-RICOTTA PIE 6 servings

Ingredients for Easy Flaky Crust:

- 1/2 cup butter, softened
- 4 ounces cream cheese, softened
- 1 cup all-purpose flour
- Pinch of salt

Place the cream cheese and butter in a large bowl. Add flour and salt. Work together with a pastry blender. Gather the soft dough into a ball with your hands and press into a 9-inch pan. This is a perfect job for your school-aged child to do. Simply set the ball in the middle of the pan and press the dough out in all directions to extend it slightly over the rim. Flute the edges with fingers. Refrigerate for an hour or more.

Ingredients for Filling:

- 2 packages (10 ounces each) frozen chopped spinach
- 1 small onion, finely chopped
- 3 tablespoons butter

- 1/4 teaspoon ground nutmeg
- 1/2 teaspoon salt
- 1/8 teaspoon black pepper
- Dash of cayenne pepper (optional)
- 1 cup half-and-half
- 1 container (15 ounces) ricotta cheese
- 1/2 cup grated Parmesan cheese
- 1/4 cup crumbled feta cheese (optional)
- 3 eggs, slightly beaten

Preheat oven to 350° F. Cook the spinach according to package directions. Drain in a large strainer. Show your child how to squeeze out the liquid by pressing spinach against the sides of the strainer with a large spoon.

Saute onion in butter on medium heat until onion is translucent. Stir in spinach, salt, nutmeg and black pepper. For an extra kick to the dish, add cayenne pepper if you wish. Cool.

In a large mixing bowl, combine half-and-half, cheeses and eggs. Mix thoroughly. Stir in cooled spinach mixture. Pour into pastry-lined pan.

Bake 50-60 minutes, or until pie is set and top is lightly browned.

Let stand 10 minutes. Serve warm with mixed fruit or green salad on the side and a slice of crusty French bread.

Tip: Prepare the crust and put it into the pan the day before. Cover and refrigerate.

Good Housekeeping

Pork Tenderloin with Peach Glaze

Pork tenderloin is as lean as skinless chicken breast, with only 3 grams of fat and 120 calories per 3-ounce serving. Grill with fresh peaches to add health-boosting fiber, carbs and vitamins A and C.

- 1 lime
- 1/2 cup peach preserves
- 1 (1 1/4 pounds) pork tenderloin
- 2 bunches green onions
- 1 teaspoon olive oil
- 4 medium peaches, each cut in half and pitted

1. Prepare outdoor grill for cooking over medium heat. From lime, grate 1 teaspoon peel and squeeze 1 tablespoon juice.

2. Make Peach Glaze: In medium bowl, stir preserves, lime peel and juice, 1/2 teaspoon salt and 1/4 teaspoon ground black pepper until blended. Spoon 1/4 cup glaze into small bowl.

3. Cut pork tenderloin crosswise in half, then cut each piece lengthwise in half. Place pork on hot grill rack; cover and cook 5 minutes. Turn pork over; brush with glaze from medium bowl. Cover and cook 5 to 6 minutes longer or until pork is browned on the outside and still slightly pink on the inside, brushing several times with glaze remaining in medium bowl. Transfer pork to cutting board.

4. Meanwhile, toss green onions with oil, 1/4 teaspoon salt, and 1/8 teaspoon ground black pepper. Place green onions and peaches, cut-sides down, on same grill rack; cook 3 minutes, turning green onions over once. Transfer onions to platter. Turn peaches over and brush with glaze from small bowl; cook 3 minutes longer or until browned and tender. Transfer to platter with green onions.

5. Slice pork and serve with peaches and green onions. Serves 4.

• Each serving: About 330 calories, 5g total fat (2g saturated), 78mg cholesterol, 515mg sodium, 43g total carbohydrate, 4g dietary fiber, 32g protein.
