City of Coeur d'Alene LEAF-FEST Begins November 14th
MONDAY, NOVEMBER 14th, 2022 marks the start of the City of Coeur d'Alene's annual leaf pick-up program. Please be sure to **KEEP** leaves on your property until **Tuesday, November 1st**. After Tuesday the 1st, please rake your leaves and pine needles about one foot away from the gutter/curb line to allow for water drainage. City crews and equipment are limited, so we need your help. Leaves will be picked up only once. Please do not put leaves in the street after city crews have completed your area and **do not** include bagged leaves, branches, debris or trash.
Pick-up will start south of Sherman Avenue and move north. We expect completion before December 9th. Follow our progress on maps.cdaid.org/leaf
LEAF-FEST DO'S & DON'TS
DO:
• **KEEP** leaves and needles on property until **Tuesday, November 1st**.
• Please move cars off the street if at all possible during leaf pick-up.
• Keep the leaves about one foot away from the curb line to allow drainage.
• Be alert for leaf pick-up equipment traveling through your neighborhood.
• Keep a safe distance away from leaf pick-up heavy equipment.
• Recognize that we have a tough job to do in a very short window between when the leaves fall and when the snow flies.
• City and private trucks are exempted from covering loads during the leaf pick-up period. Sweepers will follow city trucks to collect remaining/excess leaves.
DO NOT:
• Place bagged leaves in the street.
• Mix branches, debris or other trash in with the leaves.
• Miss the deadline...We only have time for one pass.
REMEMBER: Needles and Leaves ONLY! No branches, grass clippings or garden debris. NO GARBAGE

How to Send Great 'Thank You' Notes

— StatePoint Media —

THE HISTORY AND ART OF THE
THANK YOU NOTE

HANDS-ON DELIVERY
Europeans can be credited with initiating thank you notes, when they exchanged greeting cards and delivered the notes by hand.

STAMP OF APPROVAL
In the 1850s, thank you notes arrived in the U.S., and it's been said that postage stamps helped make them more mainstream. People could now share their gratitude both far and wide.

GOING DIGITAL
More than a century later, cards entered the digital era. Online greeting cards were introduced in the mid 1990s, with several thank you options available.

PERSONALIZED WITH A PUNCH
And if you're struggling to write a card, wait! The help from the experts at American Greetings, who offer a line of personalized video cards called SmashUps. Celebrities from Alicia Keys and Dolly Parton to Danny Diamond and William Shatner lend their talent to these incredibly creative videos.

SAY IT WITH Sentiment
Don't know what to say? Don't worry. Whether you choose a traditional thank you card, or one sent from your phone, it's important to recognize kindness. Be authentic and share your gratitude for everything from wedding gifts to a neighbor watering your plants.

While "thank you" notes have been exchanged since the 1400s, they remain as important as ever today.

Of course, a simple note sent through the mail still does the trick. However, for those who want to get creative, cool new digital options can help you express gratitude for kind acts, gifts and more. For example, American Greetings offers personalized video cards called SmashUps that feature celebrities like Alicia Keys, Dolly Parton and William Shatner and can be used to celebrate a variety of occasions.

However you choose to deliver your message, be sure to speak from the heart, meaningfully and authentically expressing your gratitude. And remember, saying "thank you" never goes out of style.

PAUL BUNYAN SAYS "Now hiring!" Come be part of the legend. Here you are more than just a number to a corporation you are family. See you today at Post Falls, Rathdrum, CdA and Hayden. An Idaho original for 3 generations since 1952

Elk Carcass Left To Waste In St. Maries Dumpster

— Idaho Dept. of Fish & Game —

Callers to the CAP Hotline, 800-632-5999, can remain anonymous and may be eligible for a reward

Idaho Fish and Game is seeking information about an elk being left to waste in St. Maries. The skinned elk was discarded in the dumpsters on the St. Maries River Road on Oct. 19 before 3 p.m. The head and two front quarters were removed, leaving the hindquarters, backstraps and tenderloins to waste. It is believed the elk was shot once in the chest cavity and once in the hind leg.

If anyone has any information regarding this incident or any other wildlife violations, please call Senior Conservation Officer Mark Maret at 208-204-3141 or the Citizens Against Poaching hotline at 1-800-632-5999. Callers may remain anonymous. Any information leading to an arrest may be eligible for a monetary reward.

Letter of Support

I am writing to support the candidacies of **Robert "Bob" Flagor**, and **Jon Groth**. Both candidates currently sit on the board for the Kootenai Shoshone Soil & Water Conservation District (KSS-CWD). It is imperative to retain these current board members as they have depth, the dedication and the dependability that is needed from a candidate. The experience that these two candidates have are essential to the day-to-day activities as well as the overall success of the District.

Bob Flagor has a combined 21 years of experience as the administrator and currently as a board member. He has the background knowledge as well as the boots on the ground know-how. Jon Groth comes to us from Shoshone county and has the knowledge and voice of the silver valley mining as well as water and sewer background.

These candidates had developed on going irreplaceable relationships with other agencies and other boards throughout Kootenai and Shoshone County such as NRCS, ISWCC, ISDA, DEQ, IDL, CDA Tribe, Farm Bureau, Cattlemen's Association, and the Aquifer board just to name a few.

Flagor and Groth not only have the history and knowledge of where we come from, they know how to drive the district in future conservation endeavors to help private landowners, users, and the public in promoting voluntary, non-regulatory, locally led conservation and stewardship of the natural resources in our beautiful area.

We also support the candidacy of Cal Roberts. Please vote to elect him to the Kootenai Shoshone Soil & Water Conservation District (KSSCWD).

North Idaho College has been subjected to repeated attacks by grandstanding, political operatives pushing their dangerous agenda. This has led NIC to the brink of losing accreditation and cost taxpayers millions of dollars.

In my opinion, the large, 3-blade electric-power generating windmills are eyesores where they have been placed in scenic Washington state. These very large (heading towards 500 feet tall) pieces of industrial machinery with their rapidly turning blades have degraded the scenic beauty: in the vicinity of Rosalia; in the vicinity of Dayton and Pomeroy; and in the vicinity of Biggs Junction on the Columbia River with the million-dollar view of the basalt rock breaks; and in many other locations in Washinton State.

I feel the usage of these large pieces of industrial machinery should be restricted by Washington State law.

I feel that, first: state law should be changed, restricting the operation of the these large pieces of machinery to nighttime only. Washington state law would require that all moving parts of windmills not move during daytime hours.

And, secondly: I feel Washington state law should require all windmills - within three years - to be equipped with mechanisms to lower the windmills, in their entirety, below the grade of the landscape so they would not be visible from roadways or public paths during daytime hours.

NO FREEDOM! IT'S A human right to accept or reject God. He has given to each individual the freedom of choice. The soon coming 'Mark of the Beast' (National Sunday Law) will force everyone (yep, you!) to observe Sunday as a day of rest and worship. You will attend church, whether you want to or not, no freedom of choice because it will be the law of the USA, period. Force is the last resort of every false religion. That is its hallmark. God will only accept worship, only on a voluntary choice. He never uses force. Text Tim at 208-217-8942

Halloween Coloring Contest Winners!

We had our very first Halloween Coloring Contest this year and we were blown away by the great response. We got so many great entries, it was really, REALLY hard to pick some winners, but we managed eventually.

A huge THANK YOU to all the artists who sent us their work, and another thank you to the grown-ups who helped them do it. We loved looking at all your art and hope you had fun doing it!

Also, we know we said there would be a goodie bag for the winner(s), but we also have some small goodie bags for all the kids who sent us art. Come by our office at 107 5th Street in Coeur d'Alene if you can make it, or call us at 208-667-0651 if you can't and we'll see what we can figure out. We'll also get all the entries up in a gallery on our Facebook page (if we haven't already!) at www.Facebook.com/NickelsWorth

PREMIUM PELLETS

HOW WE MAKE THE PERFECT PELLET...

The process begins with **RECYCLED** tree by-products.

Only the highest quality, **PREMIUM SELECT** wood shavings & sawdust are used

Next, the shavings go through a series of augers which chops them into smaller sawdust...

This allows the sawdust to more efficiently go through **THE DRIER**

At this stage, **MOISTURE** is driven from the wood fiber to ensure clean, consistent, hot burning pellets, that far exceed industry standards.

Through heat and pressure, **100% NATURAL** wood fiber is formed into a Super Premium Wood Pellet

RESULTING IN...

THE PERFECT PELLET!

BENEFITS:
Less than half the ash of others means less mess!
Low moisture content means much higher BTU output!

1. The Love Unlimited Orchestra was the band for which artist?
2. Who wrote and released "Silver Dream Machine"?
3. Which artist released "What's New Pussycat?"
4. Roxette's "It Must Have Been Love" was used in which film?
5. Name the song that contains these lyrics: "You think you lost your love, Well I saw her yesterday, It's you she's thinking of, And she told me what to say."

Answers

1. Barry White and his female vocal trio Love Unlimited.
2. David Essex, in 1980. The song was used in the film "Silver Dream Racer" about motorcycle racing. (Essex starred in the film as well.) The film flopped, but the song didn't.
3. Tom Jones, in 1965. The song picked up an Academy Award nomination for Best Original Song after being used in the film of the same name.
4. "Pretty Woman," in 1990.
5. "She Loves You," by the Beatles in 1963. Legend says that Paul McCartney's father tried to get them to change the lyrics from "yeah, yeah, yeah" to "yes, yes, yes." Thankfully they didn't.

Salute to VETERANS

Every Veterans Day we print a special section highlighting local veterans. If you, a friend or family member has served in any branch of the military, help us honor all our veterans by including them in our 2022 Salute to Veterans.

Just send us a picture with a name, rank, years served and branch of service, and we'll publish them in a special section in our November 10th, 2022 issue. If you are mailing a photo and would like it returned, please include a self-addressed stamped envelope, and we'd appreciate it if you include your phone number in case we need to verify anything (the spelling of a name, for example). Please be as complete as possible, and have everything to us by November 4th so we can be sure to get everyone in!

How Long Should Dog Spend Alone in Yard?

DEAR PAW'S CORNER: My toy poodle "Scraps" loves to run around in our big backyard. He never tries to get past the fence, so I usually leave him out while I clean house or handle other tasks. A few days ago, however, as I was calling Scraps inside, my next-door neighbor told me off for leaving him out there for hours. I don't see anything wrong with him being out in our backyard. What's your take? — *Miffed in Ocala, Florida*

DEAR MIFFED: Your neighbor may simply have been worried for Scraps' welfare. If the weather was hot, did you put out water for him to drink while he was outside? Could the neighbor see it?

You also should consider dangers we don't think about when we're outside. Scraps is a toy poodle, so is small and light. He may not be interested in escaping under the fence, but he may look kind of tasty to a bird of prey. In some suburban neighborhoods, coyotes roam through backyards, and Scraps wouldn't stand a chance against such a predator.

At the very least, make sure Scraps has a shaded area to rest in when he's outside, and has plenty of water to drink. Check on him every 15 to 30 minutes. And bring him in after one to two hours — don't leave him outside for long stretches, or all day. You can let him out again after a couple of hours' rest indoors, again for just an hour or two.

More importantly, give him more one-on-one attention. He may love being outside, but Scraps would adore playing fetch with you or reviewing basic commands like sit, stay and lie down.

Send your pet care tips, questions or comments to ask@pawscorner.com.

Potted Cheddar and Beer Spread

The flavors in this recipe were borrowed from the famous dish Welsh Rabbit, where Cheddar cheese and beer are melted together and served over toast. Include some nice biscuits with this, such as water crackers or plain flatbread crisps.

- 1½ pounds (6 cups) extra-sharp Cheddar cheese, shredded*
- 1 can (12-ounce) beer*
- 6 tablespoons (¾ stick) margarine or butter, softened*
- 1 tablespoon Dijon mustard*
- 1 tablespoon Worcestershire sauce*
- 1/8 teaspoon ground red pepper (cayenne)*
- 1/8 teaspoon ground nutmeg*

1. In large bowl, combine cheese and beer. Let stand 30 minutes or until cheese softens.

2. In food processor with knife blade attached, blend cheese mixture, margarine or butter, and remaining ingredients 3 to 5 minutes until smooth.

3. Pack cheese into crocks or decorative airtight containers and store in refrigerator up to 1 month or in freezer up to 3 months. To serve, let cheese stand at room temperature 30 minutes or until soft enough to spread. Makes about 5 cups.

• Each serving: About 45 calories, 4g total fat (2g saturated), 9mg cholesterol, 70mg sodium, 0g carbohydrate, 2g protein.

The Garden Bug

Drying gourds

Clean gourds with soapy water and air dry; hang them in a dark area, making sure they do not touch, for about 6 months. Discard any that decay, shrivel or get soft. If mold appears, wipe it with a cloth dipped in bleach. When the gourds become light, solidly hard and you hear the seeds rattling inside when you shake them, they can be carved or painted. – Brenda Weaver

- L.H. in Illinois writes: "Never use a printed paper napkin to wipe off a spill. I once dabbed at a spot on a white tile, which left a stain from the ink."
- Use clothespins to reseal bread bags instead of twist ties. I buy colorful plastic ones at the store or have the kids paint wooden ones. Keep them handy in a pretty bowl on the counter! – J.B. in Rhode Island
- "Fold little dessert paper napkins into triangles and insert into fork tines for place settings. Lemons and limes in a pretty bowl make a simple centerpiece. Fill a small kids pool with ice to keep drinks cold at parties. – M.F. in Washington
- Before planting anything new in your yard, get in touch with your county agriculture agent to find out about any restrictions. You can also get advice on when and where to plant. – L.H. in Illinois
- When sending cards, attach a return address label to the back so they don't have to search for the address if they wish to respond. – D.L. in Minnesota
- For dusting, use a clean tube sock and spray with furniture polish, then dust away! It's easier to get into nooks and crannies. – C.F. in Oklahoma
- "I feel the following is the best way to remove lint from the trap on my dryer. After completion of the drying cycle, take the used Bounce dryer sheet and swipe the screen. Then throw it into the wastebasket located next to the dryer. For loads not using Bounce, take a used one from the wastebasket and use. This puts the Bounce sheet through a complete clothes-drying cycle." – G.B. from Minnesota
- A great way to keep tennis shoes and other shoes together: When you take them off, tie the shoes together by the shoestrings (loosely) or connect the two shoes with Velcro straps if they close that way. In doing this, it is much faster and easier to find BOTH shoes when ready to go. Keep smiling! – J.B. in Virginia
