## FLASH BACK POP, ROCK & SOUL TRIVIA BY MICK HARPER

1. Name the group that released "If You Don't Know Me By Now."
2. Billy J. Kramer and The Dakotas shared a manager with which famous group?
3. Name the soul family group that released "Too Late to Turn Back Now."
4. Which duo wrote and released "Little Latin Lupe Lu"?
5. Name the song that contains these lyrics: "Gonna run my fingers through your long black hair, Squeeze you tighter than a grizzly bear."

*Answers*

1. Harold Melvin & the Blue Notes, in 1972. The Recording Industry Association of America designated it a Song of the Century, ranking it up there with "The Tennessee Waltz" and "Tom Dooley."

2. The Beatles. Brian Epstein managed both groups. Lennon and McCartney even gave Kramer some of their songs to record when they weren't right for the Beatles.

3. Cornelius Brothers & Sister Rose, in 1972. The song was written by one of the brothers, Eddie, and topped the Cashbox chart.

4. The Righteous Brothers, in 1963.

5. "Stuck On You," by Elvis Presley in 1960. The song climbed charts around the globe and even took the top spot away from "Theme From a Summer Place," which had stayed at No. 1 for nine weeks.

DON'T MISS THE 3rd Annual Spokane Valley Sasquatch Roundup, Saturday, June 17th at the Spokane Valley Event Center. Come hear the latest in Bigfoot research and meet top researchers. For tickets and information, call 509-593-3234 or visit: [www.exnorthwest.com](http://www.exnorthwest.com)

## Budget-Friendly Outdoor Projects for Any DIYer

— Statepoint Media —

(StatePoint) Want to transform your outdoor space while saving money? There are plenty of hands-on projects you can do yourself to eliminate expensive labor costs. The following ideas can be tailored to your budget and personal preferences:

### Install a Party Pad

Make your backyard more fun and functional with a low-maintenance patio for entertaining and relaxing. Based on your budget and experience level, there are a variety of styles and materials to choose from, such as brick, concrete and stone. You'll also need gravel to create a sturdy foundation.

If you're building on an existing lawn, clear out the grass and dirt first and dig an area deep enough, so the new surface will be even with the ground. Once you've prepped the ground and poured the gravel, use sand to hold the blocks in place and fill any gaps between the blocks once the layout is complete. Search online for step-by-step installation instructions and use a project calculator to determine the cost.

### Increase Seating Capacity

A built-in seating wall near a fire pit, pool or patio offers more places to lounge and adds depth to the space. There are plenty of DIY-friendly materials to build with, including interlocking concrete blocks, which won't need to be recut and are heavy enough to stay in place without cement, or larger, flat stones that look more natural and can be laid in various ways.

If you use concrete blocks, add capstones as top piece to give the design a finished look. Watch tutorials online before starting the project for inspiration and to ensure you complete all the necessary steps.

### Repair Over Replace

Fix up something old to make it new. If you have an above-ground pool or spa with a slow leak, easily repair it with the highly-rated T-Rex Waterproof Tape. The tape has a waterproof backing enhanced with R-Flex Technology for greater durability. It's also UV-resistant, can stretch up to 700% of its original length and is strong enough to be used underwater.

Locate the leak and then measure and cut a piece of tape with scissors (this tape is too tough to tear by hand). Remove the liner from the back and apply it to the crack to form a leak-proof seal. Press down firmly and smooth any creases by hand.

### Hide Outdoor Eyesores

A privacy screen is an easy project for beginner DIYers and will hide unsightly air conditioning units, garbage bins and utility boxes. You'll need weather-resistant wood slats, like cedar wood, fence posts, a drill, screws and paint or stain.

Use your "eyesore" to determine how tall to make the screen. Then, anchor fence posts into the ground and drill your first slat about an inch above the ground. Continue adding boards all the way up. For air conditioning units, leave space between each slat to ensure proper air circulation. Add a finish—dark for a modern style or clear for a natural look—and enjoy.

### Give it a Glow

Use lighting to give your backyard a bistro-like atmosphere. Rather than using a drill to hang solar or string lights, use transparent, double-sided T-Rex Clear Mounting Tape to permanently and discreetly decorate.

Whether placing the lights across wooden beams or on brick or vinyl fencing, make sure the surface is clean and dry before applying the tape. Stick one side to the surface and the other to mount the lights. The adhesive will build over time, achieving full strength after a 24-hour period.

Once you tackle these budget-friendly DIY projects, you'll be ready to relax in your outdoor oasis.

## Community Calendar

**42nd Historical Skills Fair and Mountain Man Encampment**, Friday-Saturday, June 16th-17th, 10am-5pm, will be held in Smelterville, Idaho, exit 48 off I-90. This event showcases how things were done back in the day, the 1800's-1900's. Music, ace throwing, blacksmith, spinners, tatters and more.

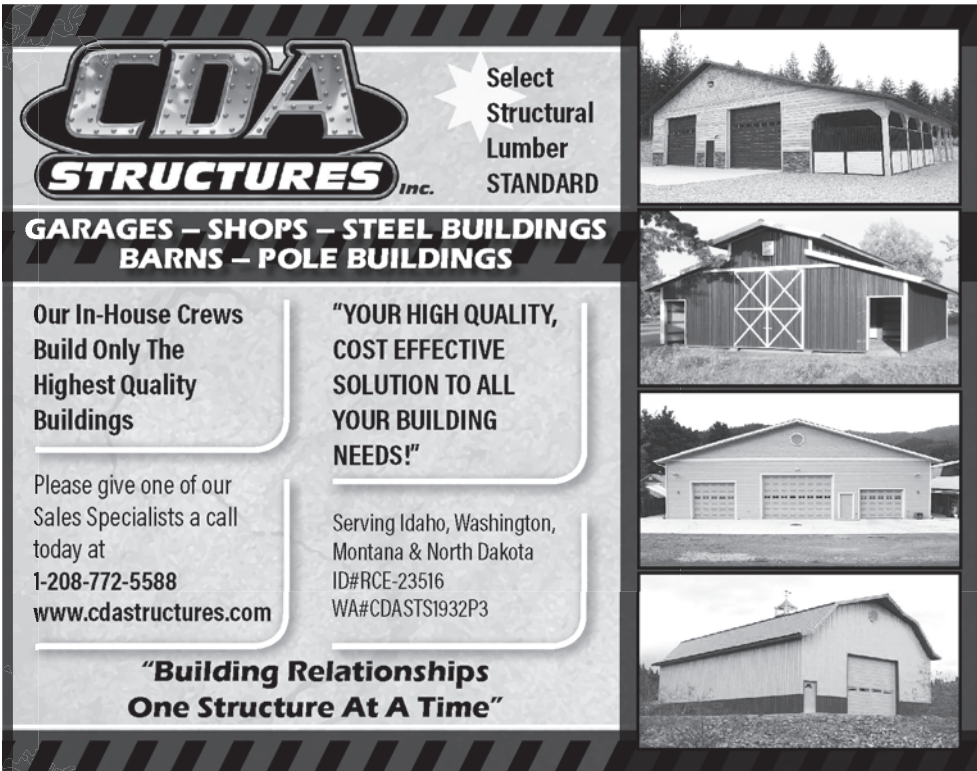

**Car d'Alene**, Friday-Saturday, June 16th-17th, downtown CdA. Cruise is Friday, 6pm-9pm, show is Saturday, 8am-4pm. Awards Saturday, 3:30pm at 5th and Sherman.

**Youth Fishing Derby**, Saturday, June 17th, 8am-noon at Fernan Lake, east of CdA off Sherman Avenue. Kids ages 5-16 may participate and receive prizes. Sponsored by Fins & Feathers Tackle Shop and CdA Parks/Recreation. Pre-register at 1816 E. Sherman Ave., CdA, or at 7:30am day of derby at boat ramp. More info: 208-667-9304 or 208-769-2250.

**Feed the Need**, Wednesday, June 21st, 5pm-7pm, at Wallace Elks Lodge #331, 419 Cedar Street. Meals provided for veterans and those in need of a healthy meal.

## Rewriting the Rules of Retirement

Longbridge  
Financial, LLC  
NMLS #957935

Retirement comes with more time for the things you love. A **reverse mortgage** can help you fund them.

- ✓ Pay off your existing mortgage to eliminate monthly payments<sup>1</sup>
- ✓ Get additional income tax-free cash to use for what matters most<sup>2</sup>
- ✓ Continue to own your home just like a traditional mortgage<sup>1</sup>

1. As with any mortgage, you must meet your loan obligations, keeping current with property taxes, insurance and keeping your home in good condition.  
2. Consult a financial advisor and appropriate government agencies for any effect on taxes or government benefits.

Contact **Becky Fahey**, your local Reverse Mortgage Consultant.

See our dogs and more at [KanyonKennelsLabradors.com](http://KanyonKennelsLabradors.com)

## Life Jackets For Dogs!

— The United States Coast Guard Auxiliary —

A dog life jacket is a good investment. Some dog breeds are good swimmers – like retrievers and spaniels – and some breeds are less suited to the water. Even good four-legged swimmers can get tired and struggle to keep their heads above water. Dog life jackets provide buoyancy and visibility. They are recommended for boating and other water activities. Life jackets will add to your dog's swimming ability, while keeping them safe!

## Community Calendar

**Gyro Days**, Thursday-Sunday, June 15th-18th. BBQs, radiothon, carnival with midway rides and concessions right smack in the middle of Wallace – all capped off with the Lead Creek Derby Saturday afternoon. Proceeds go towards local scholarships.

**Free Health Screenings** by Panhandle Health at (4) locations: June 15th and 26th, Post Falls Library; June 16th and 27th, CdA Library; June 21st and 28th, Athol Library; June 23rd, Lake City Center. Spend 30 minutes with a registered dietitian for risk assessment and brief counseling on health concerns for check of blood sugar (glucose and A1c), lipids and blood pressure. Same day results and printed assessment of current risk of heart attack, stroke, Type II diabetes, as well as helpful resources. Call 208-415-5135 to schedule appointment.

**U.S. Marine Corps Fighter Jets**, Saturday, June 17th, 1 pm, arrive at CdA Airport and will park at CdA Aviation and Maintenance's ramp, 11101 N. Airport Dr., Hayden from 1pm-2 pm. Public is invited to see and talk to the crew of the (2) F-35 Lightning jets.

**Family STEAM Egg Drop**, Saturday, June 17th, 10am-noon, at Tullamore Park, 3673 E. Bogie Dr., Post Falls.

## Boating Etiquette: Be Quick And Courteous At Boat Ramps

— Idaho Dept. of Fish & Game —

Remember everyone was new to boating at some point, so be patient

As summer arrives, more people will be boating and boat ramps can get busy. To ensure things go as quickly and efficiently as possible, follow these tips. And remember that everyone is trying to enjoy their day on the water, so people need to work together.

Be patient, and don't let a short temper spoil a good day on the water.

When launching your boat:

- Prep your boat and have it ready to launch before backing down the boat ramp. Have your plugs in, boat unstrapped from the trailer, and everything loaded including coolers, life jackets, fishing gear, etc. This can go a long ways to limit congestion and the frustration that comes with it.
- If the ramp has multiple lanes, take advantage and use any open lane – even a middle one.

- If there's room, launch portable craft, such as kayaks, canoes, paddle boards and other small craft at the edge of the ramp to allow access for trailered boats.
- Move your boat to the end of the dock, or down the beach before tying up to allow room for other boats to launch

When retrieving your boat:

- Tie up your boat at the end of the dock, or have a buddy keep the boat offshore while you fetch your trailer.
- Sandals or hip-boots can help. Wading in a bit can speed up the process of hooking a boat to a trailer.
- Boat ramps can get sandy and slippery. Anticipate using all-wheel drive modes when pulling out a boat on a slick ramp to avoid getting stuck and blocking the ramp.
- If the boat ramp facility does not have trash service, pack out what you pack in, or even pack out a little extra and "fill your net" to help keep Idaho waters beautiful.

Other helpful tips:

- Remember, boat launches have two-way traffic: "launch on the left, recover on the right."
- If you are new at backing up trailers, practice at home first. Busy boat ramps can be stressful enough already. Everyone had a first season launching a boat, and there are a lot of new boaters out there, and remember you were once one, too.
- Boat ramps are not intended for fishing, picnicking, sunbathing, etc. Find other places better suited for those activities to avoid crowding boat launch facilities.

## Wanted

I BUY OLD STEREOS. Looking for 1960s, 1970s, 1980s receivers, tuners, amps, cassette decks, reel-to-reel, turntables, speakers, boomboxes, etc. I also buy records and old watches. Call or text with pictures, 208-691-1073, save this number!

## Want To Catch Walleye In Lake Pend Oreille? Here's Everything You Need To Know

— Idaho Dept. of Fish & Game —

Use these resources to get on some walleye in Lake Pend Oreille

Early summer walleye in Lake Pend Oreille are on the move. Walleye spawning is over now, and with warmer water temperatures fish are distributed widely throughout the Pend Oreille system. Walleye locations displayed in this map are from May 6 to June 6. Each colored circle represents the number of individual acoustic-tagged walleye detected at a receiver.

In the past month walleye have moved down the Pend Oreille River and throughout the Clark Fork Delta and river. The locations with the most individual walleye detected were the Highway 95 Long Bridge and Railroad Bridge. Walleye anglers in these areas have reported catching fish. Particularly in these areas, some tactics to try include concentrating effort during low light conditions on shallow flats and rocky shorelines early in summer before weeds become more established and fish begin using to weed edges and beds throughout the north end of the lake.

The Sunnyside Point to Fisherman's Island area also continues to hold a number of walleye, as well. In these areas, trolling crawler harnesses or crank-baits near drop offs and over the flats in the adjacent bays can be an effective way to target fish at this time of year.

Anglers can now access most Lake Pend Oreille and Pend Oreille River boat launches with spring runoff coming into the system. Current lake level sits at 2061 feet, just below the full pool of 2062.5 feet.

View the interactive walleye map and mobile friendly version of this month's map by going to [https://rpubs.com/Eric\\_Geisthardt/WAE\\_May\\_2023](https://rpubs.com/Eric_Geisthardt/WAE_May_2023)

Biologists track acoustic-tagged walleye to learn more about walleye movements and to help anglers effectively target walleye and participate in the Lake Pend Oreille angler incentive program.

As a reminder, there are plenty of \$1,000 reward-tagged walleye still swimming in the waters of the Lake Pend Oreille system. Just last month two lucky anglers each turned in walleye tagged with \$1000 reward tags! To learn more about walleye rewards and try your hand at becoming a big winner, check out the Lake Pend Oreille angler incentive program on the Idaho Fish and Game website.

If you're interested in learning more about walleye fishing in Lake Pend Oreille, the angler incentive program, or general information about walleye in the lake, the Idaho Department of Fish and Game has resources to help.

Check out our "Lake Pend Oreille fisheries" webpage and watch the 2023 State of the Lake Meeting to learn more about the world-class fisheries in Lake Pend Oreille.

You can also visit the Idaho Fishing Planner to get information about diverse fishing opportunities throughout the state.

Please contact the Panhandle Regional office for more information at 208-769-1414 and follow us on the Panhandle Region Facebook page for regular news and updates.

Boat portion easily comes off. I'm 82, too old to use Argos. 208-683-3757, serious inquires only

## FWP's Biennial Hunting Season-Setting Process Begins In June

— Montana Fish, Wildlife & Parks —

HELENA – Montana Fish, Wildlife & Parks will kick off the biennial hunting season-setting process earlier to allow for more public engagement and greater transparency. Public involvement will begin in June and end in November. In the past, public involvement happened primarily in December and January.

FWP will conduct scoping meetings around the state from June 15 to July 15. FWP staff will look to hunters to provide broad input on regulation changes they'd like to see. Staff will also look for feedback on a few specific proposals.

These scoping meetings are more formal than in past years and will replace the public meetings FWP used to hold to present and discuss tentative regulations. However, these scoping meetings are not the same as public comment meetings. FWP staff will listen at the scoping meetings and capture the general themes and then use the information to develop draft regulations, which will be released for public comment in October. FWP will hold additional public meetings in early November to answer questions about the draft regulation proposals. Comment on the draft regulation proposals will be collected through the FWP website during the fall public commenting period. The final decision on regulations will come at the December Fish and Wildlife Commission meeting.

Hunting regulation changes are done every other year. This new process will give the public a better understanding of where regulation changes are coming from, how FWP is engaging the public, and what changes are being suggested by individual commissioners.

The earlier start to the process will also result in the availability of hunting regulations at the beginning of the license year – March 1.

Scoping meeting schedule:

### Region 1

- Thompson Falls, June 27, 6 p.m., Thompson Falls High School (601 Golf St.)
- Eureka, June 28, 6 p.m., Timbers Lodge (101 Julian Dr.)

THE NICKEL'S WORTH  
OUTDOOR ISSUE 2023

Stay Safe, Wear Your  
Life Jacket!

— The United States Coast Guard Auxiliary —

The United States Coast Guard Auxiliary, Flotilla 84, located in Coeur d'Alene, Idaho, in partnership with the National Safe Boating Council and the City of Coeur d'Alene, announce the start of the year-round effort to promote safe boating. The USCG Auxiliary wants to ensure that recreational boaters have a fun and safe time on the water this summer.

Though it may finally feel like summer with forecasts of upcoming warmer weather, people get a false sense of security. As the mountain snow begins to melt, it flows into lakes and rivers and keeps them very cold. Added to it is the extremely wet weather with torrents of rain that we are experiencing this year. The rivers are currently very dangerous with the icy water and fast moving current. It is crucial to wear a life jacket when near any body of water.

Here are some alarming facts to consider:

- The cold water gasp takes your breath away and makes it hard to function.
- You have one minute to get your breathing under control before cold water shock occurs.
- It takes less than ½ cup of water in your lungs to drown.
- After about 10 minutes in the frigid water, muscles stop working and treading water becomes impossible.
- Hypothermia sets in within the hour.
- Skydivers wear their parachutes...
- Football players wear their helmets...
- Drivers wear their seat belts...
- Responsible boaters wear their life jackets!!!

FWP Seeking Public Comment On Two Draft Environmental Assessments

— Montana Fish, Wildlife & Parks —

HELENA – Montana Fish, Wildlife & Parks is seeking public comment on a goldfish removal project and a parking access project. For more information, including how to submit comments, click on the link provided or visit [fwp.mt.gov/public-notice](http://fwp.mt.gov/public-notice).

Goldfish removal near Big Sandy draft environmental assessment

FWP proposes to remove the illegally introduced goldfish population from the affected pond near the town of Big Sandy. FWP would use the piscicide rotenone to eliminate distribution of the invasive goldfish population to downstream locations. The threat of this goldfish population to continue to reproduce and potentially distribute to downstream locations must be addressed to eliminate the risk of competition with native fish and expansion of this nonnative invasive species in the Big Sandy and Milk River watersheds. **Comments due July 7th.**

Public Comment Opportunity

Deadline: Comments will be accepted from June 7, 2023 through July 7, 2023.

Written comments can be mailed to:

Cody Nagel

RE: Goldfish removal from private pond near Big Sandy, MT

Herbs that help nursing moms

Herbs such as blessed thistle (*Cnicus benedictus*), dandelion leaf (*Taraxacum officinale*), fennel (*Foeniculum vulgare*), and fenugreek (*Trigonella foenum-graecum*) have long been known as beneficial for new mothers. They can encourage good digestion, increase breast milk production, help relieve constipation, lessen uterine bleeding and soothe nervous feelings. They can be cooked and eaten, brewed as a tea or made into tinctures. \*Consult your physician before taking herbs.

Bad Rock Canyon Wildlife Management Area access and parking development draft EA

FWP proposes to construct a gravel parking lot along Montana Highway 2 in Columbia Falls to provide parking and pedestrian access to the Bad Rock Canyon WMA. The proposed project would provide a formal public access point to the WMA. FWP proposes to construct a gravel parking area (150' x 50') to accommodate up to 12 vehicles. Pending project approval, construction of the parking area and associated infrastructure would commence in the fall of 2023 with an anticipated completion date of Sept. 30, 2023. **Comments due June 27th.**

Public Comment Opportunity

FWP asks that comments on this draft environmental assessment be submitted to either of the following addresses by 5pm on June 27, 2023

## Good Housekeeping

### Classic Oven Fries

Serve this popular choice with your favorite beef or steak dish.

- 2 tablespoons olive oil
- 3 medium (about 8 ounces each) baking potatoes
- 3/4 teaspoon salt
- 1/4 teaspoon coarsely ground pepper

1. Preheat oven to 425 F. Brush 2 large cookie sheets with 1 tablespoon oil.

2. Cut each unpeeled potato lengthwise into quarters, then cut each quarter lengthwise into 2 wedges (or, cut potatoes crosswise into 1/4-inch-thick slices).

3. In a large bowl, toss potatoes with salt, pepper and remaining 1 tablespoon oil until evenly coated.

4. Divide potatoes between cookie sheets, spreading each batch into an even layer. Place cookie sheets on 2 oven racks and oven-fry potatoes 25 minutes or until tender and crisp, turning potatoes over once and switching pans between upper and lower racks halfway through cooking.

**Lemony Oven Fries:** Prepare Classic Oven Fries as above in steps 1 and 2. In step 3, mix 1 teaspoon grated fresh lemon peel, 2 tablespoons fresh lemon juice, 1 tablespoon dried oregano and 1 large garlic clove, crushed with press, with salt, pepper and oil in bowl. Add potatoes and toss to coat. Complete recipe as in step 4.

**Spicy Oven Fries:** Prepare Classic Oven Fries as above in steps 1 and 2. In step 3, mix 1 teaspoon onion powder, 1/2 teaspoon turmeric and 1/4 teaspoon ground red pepper (cayenne) with salt, pepper and oil in bowl. Add potatoes and toss to coat. Complete recipe as in step 4.

• Each serving: About 205 calories, 5g total fat (1g saturated), 0mg cholesterol, 450mg sodium, 38g total carbs, 3g dietary fiber, 4g protein.

Quality work, reasonable rates. Dave, 208-610-2277

## Business Opportunities

MOVE YOUR COMPANY to Havre, Montana. Havre affords many opportunities. Havre is a port of entry to Canada. It has the 9th District office of BNSF railroad, a newly formed industrial park with railroad spur and a Montana State University off-spurt supplying a vibrant workforce. It is home to a major regional medical facility known for its mountain lakes, ski hill, and water sports near Fresno. Havre has abundant housing available to make your move successful. Our company can answer questions to assist you in your move. Call 406-945-2027

NICKEL'S WORTH advises everyone to use caution when responding to business opportunity or employment listings. Inquiries should be free; if you have to pay to request information regarding a job/business opportunity, there's a good chance it's a scam

REACH CANADA! THE Nickel's Worth has partnered with the Pennywise to help you reach our neighbors to the north. They distribute 29,000 papers weekly in the Trail/Rossland/Beaver Valley area of British Columbia, Canada. Call 208-667-0651 to place your ads today

## “Fishing for Esox”

Check out North Idaho lakes for the thrill of catching a northern pike, but keep your fingers clear of the teeth! (You'll need them for circling these 30 words which can be found in the grid.) Catch a big one like Idaho's state record pike out of Hayden Lake earlier this year which weighed 40.76 pounds and was 49 inches long.

## Musical "My 80-Year-Old Boyfriend" Presented by Idaho Repertory Theatre

— University of Idaho —

MOSCOW, Idaho — Idaho Repertory Theatre (IRT), the professional theatre in residence at University of Idaho, presents its first show of the summer season, the award-winning true musical "My 80-Year-Old Boyfriend," July 7th-9th at the Forge Theatre at 404 Sweet Avenue in Moscow.

Described by Art Fuse as "universally compelling" and "witty and humoring" by Talking Broadway, the show stars Broadway actress and U of I Master of Fine Arts theatre alumna Charissa Bertels in the lead role. Bertels shares a first-hand, funny and heartwarming true story of her friendship with an older, wealthy man whom she met as a struggling actress in New York City.

Tickets cost \$5-\$25 and are on sale now online. Shows are at 7:30pm, July 7th-8th and 2pm July 9th.

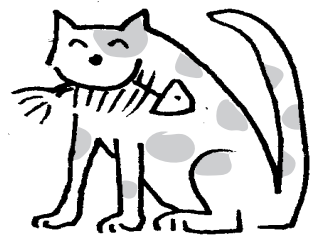

LONG-HAIRED Chihuahua male, chocolate, 11 weeks old, \$1000. Female, long-haired white and lilac merle, ready 7/19, \$1500. First shots, non-papered. Call or text 509-380-8007, Post Falls

ADORABLE 6 MONTH OLD AKC female purebred standard poodle. Comes with breeding rights, loves lots of affection! \$1700. Sandpoint, 208-597-6997

Collaborating with theatre heavyweights Christian Duhamel (book and lyrics) originally from Kellogg, Idaho, and Ed Bell (music and lyrics), "My 80-Year-Old Boyfriend" premiered in 2017 at the Merrimack Repertory Theatre in Massachusetts and received rave reviews while touring.

Musicals have been an important part of every IRT season since its inception, said Robert Caisley, IRT's producing artistic director and chair of the U of I Department of Theatre Arts.

"This one-woman show really packs a tremendous punch. Charissa's performance is extraordinary. Moscow audiences are in for a treat," Caisley said.

A second production, "Constellations," by Nick Payne, will star U of I theatre professors Kelly Quinnett and Craig A. Miller July 21st-30th at the Forge Theatre.

Both productions are funded by the College of Letters, Arts and Social Sciences. Find more information about upcoming events in U of I's Theatre Arts Department online.

### About the University of Idaho

The University of Idaho, home of the Vandals, is Idaho's land-grant, national research university. From its residential campus in Moscow, U of I serves the state of Idaho through educational centers in Boise, Coeur d'Alene and Idaho Falls, nine research and Extension centers, plus Extension offices in 42 counties. Home to nearly 12,000 students statewide, U of I is a leader in student-centered learning and excels at interdisciplinary research, service to businesses and communities, and in advancing diversity, citizenship and global outreach. U of I competes in the Big Sky and Western Athletic conferences. Learn more at [www.uidaho.edu](http://www.uidaho.edu).

## Snooping Out a Mystery Pooper

DEAR PAW'S CORNER: Recently, a new neighbor with a big dog moved into one of the apartments next door. Since then, every morning there's a fresh deposit of dog poo on my front lawn. And not on the edge – right in the middle of the lawn. Because it happens before sunrise each day, I suspect the new neighbor is letting their dog out, unleashed and unsupervised, to do its business wherever it pleases. How should I deal with this problem? I don't have clear proof that it's the new neighbor, but it sure smells like it. – Disgusted in Dallas

DEAR DISGUSTED: I'm with you. Owners need to be responsible for their pets, and they need to be good neighbors by keeping their dogs on a leash and picking up after them.

There are a couple of ways to discover the culprit. The low-cost way is to wake up well before dawn and watch your front lawn. Snap a photo of the dog when it comes onto your property, but don't try to shoo it away -- you're gathering evidence. The high-cost way is to install a security camera with a motion sensor. Aim it so that it has a good view of your property but not other yards (it's a privacy issue). Set it to record when the motion sensor is triggered.

With or without proof, contact the property manager of the apartment building. Calmly explain the situation and your suspicions, and ask them to remind residents in writing about leash laws. Most property managers have a vested interest in keeping the neighbors happy and will cooperate to solve the problem.

Send your questions, tips and comments to ask@pawscorner.com. ©2022 King Features Synd., Inc.

# How to Build a Wooden Trellis for Your Garden

— Statepoint Media —

(StatePoint) Are you dreaming about beautifying the backyard? Is your garden in need of some color and dimension? If you have the tools, a free weekend and the initiative, you can add charm and beauty to your outdoor space by building a garden trellis.

Here's everything you need, and everything you need to know, to complete this "Done-In-A-Weekend Project" from Exmark, a leading manufacturer of lawn care equipment.

### Tools:

- Table saw
- Circular saw
- Jig saw
- Orbital sander,
- Drill/driver and bits
- Tape measure
- Pencil
- Sawhorses/worktable
- Eye and ear protection

### Materials:

- (3) 2-inch x 4-inch x 8-foot cedar

- (4) 4-inch x 4-inch x 8-foot cedar posts
- (2) 2-inch x 8-inch x 8-foot cedar (for the corbels)
- (1) 2-inch x 6-inch x 6-foot cedar (side bracket/ beam support)
- (2) 2-inch x 6-inch x 10-foot cedar beams
- (4) post brackets (optional, to attach to wood deck)
- 2.5-inch deck screws
- 1.25-inch deck screws
- Wood stain
- Wood sealer
- Wood glue

### Instructions:

1. Cut boards down to size for the sides, top trellis and corbels.
2. Assemble the side sections.
3. Assemble the top trellis section by following the template found at backyard.exmark.com or by sketching your own design onto card stock.
4. Attach the top and sides of the trellis, ensuring the sections are square with one another.
5. Use the template to build the corbels.
6. Line corbels flush with the side posts and attach.
7. Apply wood sealer, and stain or paint (if desired).

To download the complete instructions and template, and to follow along with the video tutorial, visit Exmark's Backyard Life site at backyard.exmark.com, a multimedia destination providing homeowners with everything from grilling tips to gardening advice.

While this beautiful trellis is a bit of work, once complete, it can provide structure for vining plants to grow, create a bit of shade from the harsh summer sun or simply serve as a point of architectural interest in your garden.

## 5 Must-Haves for Outdoor Entertaining

— Family Features —

(Family Features) Gatherings and get-togethers may commonly take place inside, but giving your guests extra space takes nothing more than a little creativity and the right outdoor appliances. Open a new door – literally – and head outside to take advantage of unused deck, patio and yard space.

As a natural extension of your home, a few key pieces of lighting, heating and cooking equipment can turn your backyard into an entertaining oasis. Let your personal style shine and elevate your hosting skills with these ideas from the experts at the Propane Education & Research Council.

### Lighting

Flame lighting may not be every homeowner's first consideration, but more hosts are relying on it to add upscale elegance to outdoor gatherings. Custom lanterns, modern chandeliers, pendants and table-top units offer stylish additions to modern and classic designs alike.

No matter your tastes, propane flame lighting fixtures can be placed in multiple areas for aesthetic and practical purposes. While it's hard to top the soothing effect of a starry night while calming flames reflect off your windows and add a glow to your patio, flame lighting also can ward off intruders or animals and help prevent tripping in the dark.

### Grills and Cooking Equipment

Propane can help you bring your dream kitchen to life outdoors. First establish a budget and identify a builder then build out the features of your high-performing kitchen in the peaceful setting nature

offers. Often, the centerpiece of the space are grills, which are available in a variety of sizes and styles. Some offer features like side burners for sauces and rotisseries.

Because they heat up fast and provide precise temperature control, propane-powered outdoor cooking appliances are a popular choice for homeowners who want to spend less time preparing food and more time enjoying it. With instant on-off convenience just like indoor gas ranges, outdoor propane grills, pizza ovens and ovens help home chefs create perfectly cooked meals with no coals, soot or ash to clean up. The appliances can also be built in to a straight, L-shape or U-shape bar to complete your outdoor cooking paradise.

### Patio Heaters

If chilly weather brings on the blues in your region, make the most of your outdoor space with a propane-powered patio heater that allows for entertaining nearly year-round. Propane patio heaters can raise the outdoor air temperature up to 25 F while emitting a circle of radiant heat up to 25 feet in diameter. Next time you want to get outside before patio season arrives, start up a propane patio heater to enjoy cozy warmth in a clean, safe, reliable way.

### Fireplaces and Fire Pits

Another option for bringing warmth to outdoor entertaining can happen with the push of a button in the form of a propane fireplace or fire pit. These smokeless solutions come without the maintenance of wood-burning fires, meaning you can enjoy the heat and ambiance of flames dancing in the night sky while skipping the fuss of soot, ash and burning logs. Plus, clean-energy propane delivers heat more efficiently with a lower carbon footprint than traditional energy sources like wood, which take a toll on the environment.

### Pool Heaters

You can maximize your fun for as much of the year as possible and combat the elements with propane pool and spa heaters. Available for in-ground and above ground pools and spas, propane heaters operate at a higher efficiency than electric systems and maintain heat better in cooler weather while also operating cleanly and taking up minimal space.

To find more outdoor entertaining inspiration, visit Propane.com.
